My Husband and I couldn't have been more pleased. He is in the Army and Christine was very patient and helpful with dealing with us and all the very last minute planning. The Ceremony; performed by Steve was perfect, just what we wanted; simply "romantic". The two of them make a fabulous team! Christine makes you feel comfortable right from the first contact, as if you are talking with a friend you have know for years. Like a friend, she is honest and explains exactly what you can expect and not expect from their services. Our pictures are breathtakingly beautiful! Thank you both for making our beginning so memorable.

My Hubby and I are very happy we chose Elope San Diego for our wedding. We wrote our own Ceremony which Steve performed wonderfully and Christine's photo's as you can see came out beautifully. We felt very comfortable with Both of them. I felt like I knew Christine already. THANK YOU GUY'S for creating a fabulous wedding!

Choosing Steve and Christine to perform our simple wedding ceremony and take pictures was a great choice for me and my husband. We wanted a small and simple ceremony that was romantic and memorable, and that's exactly what we got. They instantly put us at ease and took charge (which is exactly what we wanted and needed). We are thrilled to death with the preliminary pictures we received, and can't wait to get the rest. We made all arrangements over the internet and it all went off without a hitch.

My husband and I were married this morning by Steve and Christine did our photos...within a couple of hours she had already sent us a few photos as a preview before we get the prints and CD by mail. She even took a few photos of us with my camera so I could e-mail my mom and friends right away. We thought everything about the whole experience was perfect, exactly what we had in mind when we initially started searching for someone to marry us in San Diego. I was also grateful for their recommendations for florists on their web-site. I plan to refer other friends to them in the future.

Thank You sooo much for making our day so special. I cant say enough good things about your services. You guys were exactly what I wanted and the pictures were more than I could have ever dreamed of! On the day of the wedding it was raining and we received a call from Steve, because Christine didnt want to hear me, the bride, upset that my day might be ruined by the rain. Steve asked us what we wanted to do, if we wanted to reschedule for another time or location. We asked if we could wait another hour or so, and he said that would be just fine. After the hour passed...the sky cleared up and it was a beautiful day. They were both great throughout the whole thing and I cant thank them enough! If you're looking for a non-stressful wedding with beautiful pictures...elopesandiego.com is the way to go!!! Thanks again Steve and Christine!

Thank you Christine and Steve!

We struggled for a while deciding about what kind of wedding we wanted. We knew we wanted a no fuss, relaxed wedding and it was seeming nearly impossible with the way the wedding industry is. We did a lot of careful research and are so happy we choose to work with Christine and Steve at ElopeSanDiego.com. Incredible location, ceremony and pictures. My flowers were beautiful too! Our families were so impressed and can't stop talking about it... Everything went so smoothly and I can honestly say that I enjoyed every moment of our day, with no stress! How many people can say that about their wedding day?

Thanks guys!

Christine and Steve were amazing to work with. We were looking for a very low-key ceremony on the beach. Everything was so easy. Christine always responded to my emails within 24 hours, often responding within the hour. She couldn't have been more helpful. We booked them about 6 months in advance and would check in occasionally. Christine was always nice and polite in the email. I could only imagine how many brides she was working with, but I always felt like I was getting her full attention. I was worried about getting my 87 year old grandmother to the beach, but Christine assured me that the beach wheelchair would work. I was also relieved to hear that The Hotel Del had access to one. We received our book of photos and CD within weeks with beautiful photos. We were sent a few picture via email until our book arrived. If I had this to do all over again, I wouldn't have changed a thing. Thank you so much!

We had a wonderful wedding day thanks to Steve and Christine at ElopeSanDiego.com ! They are the perfect choice if you want an easy, no-fuss wedding. We had a small ceremony on the beach at Coronado. They showed up on time and everything went as planned. They were very flexible, allowing us to structure the ceremony and write the vows the way we wanted it. The photos that Christine took turned out really well and we

received them very soon after the ceremony. It really was a magical day!

Our experience was magical with Christine and Steve! We could not have asked for anything better. All the details were perfect, they lived up all that is promised on their site and then some. They were very pleasant and seemed to love what they do. Before the big day they were prompt, very easy to work with and very accommodating. I think our profile picture speaks for itself as to quality of the photography, absolutely amazing! Being out of state and being able to safely and easily (really just needed to answer a few questions) to book our entire wedding ceremony down to the flowers on-line was the best! No Stress, No Fuss. Christine and Steve, thank you!

The wife and I were looking for an inexpensive yet intimate wedding with a beautiful beach setting. As each couple will find out or already knows, a Beach setting is pretty costly, but with the helps of Steve and Christine, it was affordable and perfect. The Sunset behind the Hotel Del Coronado was picturesque, intimate and affordable. The Photographer available was great and took their time in ensuring we had memories that will last us a lifetime! Thanks for everything you did for us Steve and Christine in making sure our day was PERFECT!

Thank you Christine and Steve for making our wedding everything we hoped it would be and more! The idea of planning our intimate wedding ceremony on the Internet from clear across the country was scary, but Steve and Christine could not have been better to work with. From our first email inquiring about available wedding dates to the wonderful sunset ceremony, Steve and Christine were nothing but professional and a pleasure to work with. The ceremony, which we wrote with Steve's guidance, was so meaningful and Christine's photos are amazing! Thanks for leaving us with such wonderful memories of our Coronado Beach wedding!
